### FAQ's:

1. **When is tuition due?** No later than the start of the first class, at least 10 days before is preferred so appropriate materials are available for you.
2. **Are there ANY extra fees?** No. Everything you need is included to successfully complete the class – there are no hidden fees here. Once you earn your real estate license, there are fees required in order to gain access to the MLS, office fees, etc. Ask when you call us for more info.
3. **How long has the school been offering courses to become licensed?** WNY School of Real Estate began in Western NY (in Buffalo) in 1996.
4. **Can I finish more quickly if I need to?** Yes, you can attend some sessions at our Buffalo location (they run Tues & Wed evenings) –just call us. For every 2 nights you attend you can finish about a week quicker! Missed sessions in Rochester can also be made up at our Buffalo location.
5. **I had a misdemeanor 8 yrs ago, is this a problem?** For any NYS professional license, you must disclose any past misdemeanors/felonies (when completing your application). Call the School for more details.
6. **What is your refund policy?** WNY School of RE has a very liberal cancellation policy, visit our web-site and click onto FAQs for details.
7. **How do I register?** You may complete this form and **fax it to the school at 413-502-6047** and then mail it in with a check payable to: **WNYSRE PO Box 702 E. Amherst NY 14051** or call the School and register over the phone (the phone number can be found below).
8. **Do I need to pre-register?** Like most other schools, if you register the day of or day before, it can really complicate things and increases the chance that there won't be appropriate materials available to you. We appreciate your efforts and consideration so we can make this educational experience as enjoyable for you as possible.
9. **Is there an exam?** Yes, you need to earn a minimum score of 70% on the school and State exam (this is what the course will prepare you for). The State exam is scheduled online (the procedure is discussed in class). Visit our web-site for the latest statistics and pass rates.
