WNY School of Real Estate was the first school to be approved by the NYS Dept. of State to offer home inspection licensing and continuing education programs. Some continuing education courses are offered at local board of realty offices (call for details). Once you earn your real estate license, you must complete a minimum of 22.5 hours of continuing education every two years (beginning with your first renewal). We currently offer 5 different 22.5 NYS approved courses that you can do independently (online) as well as a number of module CE courses. NY approves video courses for continuing education as well.
